

**October is
National Co-op Month!**

Regardless of the services offered, all cooperatives have one thing in common: they're led by the people they serve—and that makes a meaningful difference.

Unlike many businesses that answer to outside investors or shareholders, cooperatives are built for our members. Our goal isn't to earn a profit—it's to deliver value, meet unique local needs, and strengthen the communities we call home.

We're here to provide power and make decisions with our community's best interests in mind. Because we are locally owned—by YOU—we have the flexibility to focus on what matters most to the communities we serve.

As your neighbor and local energy partner, we're committed to serving this community for generations to come.

Your membership is what makes our mission possible—and it's what keeps us focused on serving the people and communities that matter most.

Butler County REC

Your Touchstone Energy® Cooperative
